Projects

- **Consumer perception towards food delivery apps - Ramakrishna Mission vivekananda college**

In recent years, food delivery applications such as Swiggy, Zomato, Uber Eats, and Dunzo have transformed the way consumers order and consume food. With increased smartphone penetration, internet accessibility, and changing lifestyles, food delivery apps have become a mainstream service. This study focuses on understanding consumer perception, preferences, and satisfaction levels regarding these apps.

- **Company Portal Redesign – Shreyas Tech Solutions**

- Redesigned the company portal by using HTML, CSS, Bootstrap with responsive screen.
- Implemented a Bootstrap grid system and responsive components for improved layout.
- Applied custom CSS styling to align with brand identity.
- Strengthened skills in UI optimization, responsive design, and cross-device testing.
